Post-application precautions

- [x] **Contact Treated Area(s)** - Do not allow unprotected persons, children, or pets to touch, enter, or replace items or bedding, to contact or enter treated area(s) until dry.
- [ ] **Ventilation / Reoccupying** - Vacate and keep area(s) closed up to 30 minutes after treatment, then ventilate area(s) for up to 2 hours before reoccupying.
- [ ] **Equipment / Processing / Food** - Thoroughly wash dishes, utensils, food preparation / processing equipment and surfaces with an effective cleaning compound and rinse with clean water, if not removed or covered during a treatment. The area should be odor free before food products are placed in the area.
- [x] **Exterior Applications (baits)** - Do not allow grazing of feed, lawn, or sod clippings to livestock after bait applications.
- [ ] Do not burn treated firewood for 1 month after treatment.

Other precautions from the label: None
