RCW 17.21.415(6): "A school shall, at the time of application, post notification signs for all pesticide applications made to school facilities unless the application is otherwise required to be posted by a certified applicator under the provisions of RCW 17.21.410(1)(d)."

RCW 17.21.415(6)(c): "Notification signs shall be printed in colors contrasting to the background."

RCW 17.21.415(6)(d): "Notification signs shall remain in place for at least twenty-four hours from the time the application is completed. In the event the pesticide label requires a restricted entry interval greater than twenty-four hours, the notification sign shall remain in place consistent with the restricted entry interval time as required by the label."
