FUMIGATION JOB LOG

Vikane label: The information followed by a "(B)" below must be documented before the initiation of the fumigation; other information listed below without a "B" must be documented during the fumigation process, if not before.

HRS 460J-21: "Fumigation shall be performed only under the direct supervision of an individual who is an applicator certified for structural fumigation by the department of agriculture and biosecurity."

HRS 460J-22: "A licensee shall maintain a log of each fumigation job performed by the licensee in this State."

Boxes marked (HI) hold the Board's job record (HAR 16-94-25.5) and the restricted use pesticide record (HAR 4-66-62(c)). The pounds of fumigant applied are that record's total amount used.
