Terms

Signed before any work. The property owner or the owner's agent signs this agreement before the company performs any control measures (Rule 620-7-.02(3)).

What each visit includes. The company inspects and treats the areas checked on page 1 for the pests checked there. It uses only pesticides registered with the EPA or the Georgia Department of Agriculture, applied as their labels direct (Rule 620-7-.02(1) and (2)).

A record after every visit. After every application, the company gives the owner, resident, or custodian a pesticide use record (Rule 620-3-.02(1)(f)). Records go by email or online only after the customer signs the Electronic Communication Acknowledgement Statement.

Yard treatments. An outdoor treatment that reaches more than 10 feet from the home is posted with a keep-off sign at each main way in (Rule 620-3-.02(1)(l)).

The owner's part. Give the technician access to the areas being serviced, and follow the precautions on each use record. Leaks, gaps, and clutter that let pests in are the owner's to fix. The company points them out when it sees them.

Re-service. If covered pests come back between regular visits, the company returns at the re-service price on page 1.

Ending service. Service ends on the date the original term ends unless the extension terms on page 1 say otherwise. Services already performed are still owed.

Copies. The owner gets a copy of this agreement. The company keeps a copy during the contract and for two years after it ends (Rule 620-7-.02(4)).

Insurance. "The Georgia Structural Pest Control Act" requires all pest control companies to maintain insurance coverage. Information about this coverage is available from this pest control company.
