Report 26-0931
License No. 2184 PW
County Wake

Property owner or authorized agent	Mailing address
Charles and Margaret Ellison	1107 Cowper Drive, Raleigh, NC 27608

Agreement

Agreement date	Original treatment	Organisms covered	Warranty
10/15/2025	10/20/2025, Termidor SC	Subterranean termites	Retreatment only

Reinspection interval	Renewal fee	Renewed through	Next reinspection due
Every 12 months	$185 per year	10/19/2027	October 2027

Findings

☑ No active infestation found ☐ Active infestation found

Evidence of wood-destroying organisms, and where
Old mud tubes from 2025 on the left rear crawl space pier, broken and dry. No live termites or new tubes.

Conducive conditions
Right rear downspout empties against the foundation, and the soil there stays wet. Advised a 4 ft extension.

Areas not inspected, and why
Under the front porch slab: no access. Crawl space under the kitchen addition: 10 in. clearance, not entered.

Retreatment

☐ None needed ☑ Retreated this visit

Termiticide (EPA approved brand name)	EPA Reg. No.	Portion of structure treated	Approximate volume	Concentration
Termidor SC Fipronil 9.1%	7969-210	Rear foundation wall at the main drain line, 4 ft of soil dug up for a plumbing repair (trench and rod)	3 gal	0.06%

Inspected by	ID card No.	Signature of licensee or authorized agent	Date
