License No. LH12-0186A
Times 6:15 to 7:05 AM

Customer name	Contact on site
Ouachita Smokehouse Grill	Derrick Mayes, kitchen manager

Part 1: Customer copy

Visit: ☐ Initial ☑ Regular ☐ Re-service ☐ Callback

Pests found or treated
German cockroaches, light activity under the fryer line and the dish machine. Fresh mouse droppings behind the dry storage shelves. Nothing in the dining room.

Product (brand name)	EPA Reg. No.	Target pests	Where applied
Advion Cockroach Gel Bait	100-1484	German cockroaches	Cracks and crevices on the cook line, dish machine, and prep tables
Demand CS Insecticide	100-1066	Ants, spiders, cockroaches	Band around the back door and the dumpster pad
Contrac All-Weather Blox	12455-79	House mice, Norway rats	Six locked bait stations along the back wall and the dumpster pad

Findings and recommendations
Daylight shows under the back door: replace the door sweep. Grease under the fryer line is feeding roaches, so a deep clean there will help the bait work. Keep dry storage boxes 6 in. off the floor and off the wall. Two stations had bait taken. Next visit the first week of December.
