Brenda Coleman	2311 Brockington Road, Sherwood	10/20/26	☑	☐	☐	☐		☐	☐	☐	☑	Termidor SC, Termidor Foam

Work done

☐ First treatment ☑ Retreatment under an existing contract ☐ Pretreat ☐ Pink slip correction

Original treatment date	Date the need was found	Report of substandard treatment No.
05/18/2021	10/16/2026	None

What was found, and why the work was done

Annual renewal inspection found fresh mud tubes, with live workers in one, along 14 ft of the garage slab expansion joint at the laundry room wall. No new damage to the wall plate.

Foundation

☑ Slab ☐ Crawl space ☐ Basement ☐ Part slab, part crawl space

Size of area treated
30 linear ft and one wall void

Site treated	Linear feet treated	Drill spacing
Soil at the slab joint and rear corner; laundry wall void	30 ft (14 inside, 16 outside)	12 in. (label)

Time started	Time finished	Bait stations added or serviced
9:10 AM	11:25 AM	None

Products applied (2 CAR § 54-402(b))

Product (brand name)	EPA Reg. No.	Restricted use?	Dilution	Total amount applied	Method
Termidor SC	7969-210	No	0.06%	12 gal finished	Drill and rod; trench and rod
Termidor Foam	499-563	No	Ready to use	4 oz (net weight)	Foamed into one wall void

Property address: 2311 Brockington Road, Sherwood, AR 72120 Contract No.: BR-21-0733

Where each product went (name every foam void)

Garage: 14 holes drilled at 12 in. along the expansion joint at the laundry room wall, rodded with Termidor SC, and patched. Outside: 16 ft of soil trenched and rodded at the rear left corner. Termidor Foam: the stud bay in the laundry room wall behind the washer box, through three 1/2 in. holes in the drywall, patched. All tubes scraped.

Follow-up or next inspection

Recheck the garage joint and the laundry room wall in 30 days, on 11/19/2026.
