Request (Rule 118.06(1))

I ask the company named above, in writing and before any termiticide is applied, to give my property a spot treatment of only the area described below, instead of a full treatment of the structure. I understand that:

1. Only the area treated is guaranteed, and only for one year.
2. The rest of the structure is not treated under this request and is not covered by the guarantee.
3. The contract will say “Spot Treatment” on its face and show the area treated on its graph.
4. A copy of this request stays in the company’s customer file.

Termite activity found, and where
Live subterranean termites in the soil of the hall bath tub trap, and mud tubes at the rear porch slab joint by the kitchen door.

Area to be treated	Approx. size
The hall bath tub trap, plus the slab 2 ft around it, and the rear porch slab joint along the kitchen wall. Nothing else is treated.	Bath trap and 10 linear ft

Termiticide (brand name)	EPA Reg. No.	Finished dilution
Termidor SC	7969-210	0.06% fipronil

Inspected by	Planned treatment date	Guarantee on the area ends
Cody Hollingsworth	10/21/2026	10/21/2027

Section 115-120 applicable to wood destroying insect licenses and permits, only.

2 Miss. Admin. Code Pt. 1, Subpt. 3, Ch. 11, Subch. 01, Rule 118.06

118.06(1) Spot or localized area treatment is allowed for all construction types, provided the purchaser requests in writing to the licensee this type of treatment prior to the termiticide application. A copy of the customer’s request shall be maintained in the pest control operator’s customer file. The licensee shall write on the face of the contract “Spot Treatment” and clearly define area treated on the graph. The contract must guarantee the area treated for one year. The monthly structural report shall state “Spot Treatment”.
